The beauty of nature doesn't need to be hard to find. Our goal is simple - build the largest collection of hand-curated trail guides, so you can explore the outdoors with confidence. Anytime. Anywhere.

The FindYourPeak web application has one main purpose and that is to make life easier for users when it comes to exploring new places in our country. The system allows users to organize walks easily through a web browser regardless of their current location via their mobile phone or computer. Routes with a huge range of outdoor activities can be planned with just a few clicks.
